March 2016

CHARACTER PILLAR THEME: RESPONSIBILITY

SCHOOL EVENTS

Entrepreneurship

All grade 6 students participated in Entrepreneurship day at Billings on February 12th. The theme was about how to begin a business and create a logo.

WE Day

Ms. Della Valle with 13 students attended WE day on February 22nd. The students learned how to overcome challenges, how to do good in the world, and making a difference.

Health Fair

Ms. Graham hosted a Health Fair on February 25th in relation to the Health component in Physical Education. There were over 75 participants from grades 4-5-6 plus a mobile display of the Heart presented by grade 3 students.

Staff News

As many of you most probably know, Miss Cathy our secretary has been on a compassionate leave of absence for an undetermined time period to care for her gravely ill husband. Our thoughts and prayers go out to her and her family.

STUDY TIPS FOR TEST-TAKING

Create a study schedule

- If you are uncertain about a topic, ask questions
- Take notes of important information as you review
- Choose a place to study that does not have too many distractions
- Put a question mark next to information that you need to have clarified by your teacher
- Go to bed early the night before a test
- On the day of the test, eat nutritious meals

HOMEWORK HELP

- Have your child read aloud to you every night.
- As your child reads, point out spelling and sound patterns.
- To check your child's understanding of what s/he is reading, occasionally pause and ask questions about the characters and events in the story.

- Ask your child why s/he thinks a character acted in a certain way and ask your child to support her/his answer with information from the story.
- Before getting to the end of a story, ask your child what s/he thinks will happen next and why.

MESSAGE FROM OUR DENTAL HYGIENIST

Whenever children eat sweet food or drink sweet liquids, particles remain on and between their teeth. If these particles are not removed by brushing and flossing, the bacteria's in the mouth transform the sugar into acids. These acids attack the tooth enamel and over time create a cavity. Therefore, brushing twice a day. Flossing and eating good healthy snacks can prevent cavities.

Dental Hygienists CLSC Chateauguay

MONTH AT A GLANCE

MEETINGS

- Governing Board Meeting Wednesday, March 16th at 6:30
- PPO every first Monday of the month
